12 MR. SMURL: Are there any comments
13 on any of the Third Order items? If not,
14 received and filed.

15 Do any Council members have any
16 announcements at this time? Fourth Order.

17 MR. VOLDENBERG: FOURTH ORDER.
18 CITIZEN PARTICIPATION.

19 MR. SMURL: First, Joan Hodowanitz.

20 MS. HODOWANITZ: Joan Hodowanitz,
21 Scranton. First, I want to thank IT for
22 putting back on the City's websites the
23 collective bargaining agreements of the various
24 unions and the audits from the city.

25 They're back online if anyone would

1 care to access them. Do we have any progress
2 on a collective bargaining agreement for DPW?

3 MR. SMURL: I think they met Friday
4 or Monday. They met recently.

5 MS. HODOWANITZ: Okay. Is next week
6 going to be your last Council meeting for the
7 year?

8 MR. SMURL: I believe it is.

9 MS. HODOWANITZ: Okay. Should I
10 bring in a cake? We'll celebrate the first
11 anniversary of DPW not having a contract. I
12 could bring in a cake if you bring in the
13 candles.

14 MR. SMURL: I'll bring in the
15 candles.

16 MS. HODOWANITZ: Okay. And no
17 progress yet on a director for DPW?

18 MR. SMURL: I believe I seen -- oh,
19 that's the parks.

20 MS. HODOWANITZ: I saw one for Parks
21 and Rec but not DPW. Although you keep in mind
22 that there's an \$8,000 pay raise in the budget
23 for that position. And speaking of the budget,
24 I don't know if you all pay attention to the
25 County Commissioners' meeting.

1 But they did not yet pass their
2 budget for 2026. Dave Bulzoni recommended that
3 they pause until the next meeting on December
4 17th because basically they are trying to get a
5 firm figure on what they can expect to pay for
6 electricity in 2026.

7 And so they are anticipating
8 significant increase in the rates which is why
9 I refer you to page 27 of your proposed budget.
10 Under the general expenditures summary, you'll
11 see electrical. Last year was for -- or for
12 this year 2025, it was \$350,000. And next year
13 it's also \$350,000.

14 Does the city not think that the
15 rates are going up? I think, you know, that
16 may not be a reason to pause passing the
17 budget. But I don't think that you're going to
18 get away with no rise in the cost of
19 electricity for next year.

20 So I hope that when you go through
21 the legislation for tonight, don't feel
22 compelled to rush through. I saw ironically in
23 one of the legislations where they're updating
24 the Administrative Code that you get August off
25 and December 18th to the end of the year off.

1 But if you have legislation that is
2 pending, I would expect that you would come
3 back even if it's after December 18th. Thank
4 you.

5 MR. SMURL: Thank you, Joan. Next
6 on the sign-in is Megan from CMC -- on the
7 other one. Okay, Mike Mancini.

8 MR. MANCINI: Good evening,
9 Scranton. Prayers to Officer Tallo, Officer
10 Grippo and the rest of our amazing Scranton
11 Police Department after the loss of canine
12 Gunner and canine Scout. And also prayers to
13 the stabbing victims regarding the machete
14 incident at the Hotel Jermyn a little over an
15 hour ago.

16 Four level one victims were rushed
17 to GCMC. One male is in custody. Tonight I
18 will talk to the people of Scranton since their
19 City Council refuses to engage of our safety
20 concerns. I do not blame them for not
21 engaging.

22 They lack the intellect to resolve
23 issues like safety and homelessness within our
24 city. You get what you vote for and you expect
25 the best and you get mediocre crickets.

1 I asked about the unhoused task
2 force meeting which could be -- which should be
3 public like the one I attended in April of
4 2024. Like-minded individual were also
5 present, including Jim Lockwood from the Times.
6 At that meeting we learned there was a counting
7 system in place for the homeless.

8 A survey is not the answer. The
9 last meeting was in October with the next one
10 to be held in secret in January. Ninety days
11 without a meeting and still no plan in place.
12 It seems as if woke is broke.

13 Those meetings should be held in a
14 public setting with input from concerned
15 citizens. Last week Council struggled to
16 understand my concerns which have been the same
17 concerns I've asked for months regarding our
18 safety.

19 I was even given a piece of paper
20 from Chair for Public Safety. And I quote,
21 "Here. Here's the answers that you've asked
22 for from the administration." They were not
23 answers. Do not expect Mark McAndrew to seek
24 those answers and has shown week after week,
25 month after month, crickets.

1 I have the right to request that our
2 concerns be addressed before Council. I even
3 had to read verbatim the responsibility for the
4 Chair on Public Safety as if he did not know,
5 but will have his hand out for that raise.

6 Games people play, safety and
7 homelessness are not a game. They are
8 individuals being impacted without compassion.
9 Morality from our local leaders, sent right to
10 knows to both the city and the county.

11 One of the questions I asked was how
12 many subpoenas have been requested of
13 electronic devices of those who passed away due
14 to the very concerning opioid crisis? Since
15 our City Council lacks the basis skills to
16 address important concerns, once received, I
17 will make these issues public and hand them out
18 to all my media sources.

19 Council's become part of the
20 problem, not the solution. There are those
21 that care about others and those that just care
22 about themselves. The four in front of me and
23 the other one dialled in are perfect examples
24 of just about themselves.

25 They think our city is safe, our

1 homelessness issues are at a minimum, wrong
2 wrong, wrong, wrong and wrong to the one who
3 dialled in. What is also wrong is the way that
4 GCMC expansion is being handled. It should go
5 before zoning.

6 Council does not have the skill set
7 to ask the proper questions. When you need to
8 legally abstain -- one of you needs to legally
9 abstain. Mr. Smurl, you're here, you have a
10 brother who works for GCMC which is a conflict
11 of interest.

12 I'm 100 percent in favor of this
13 well-needed expansion. However, it needs to be
14 handled just like any other zoning issue.
15 Zoning knows the questions to ask and what to
16 look for. I care about my hometown, its
17 people, and our safety.

18 I will continue to call a spade a
19 spade. I will continue to call out our shitty
20 Council and local elected officials because we
21 deserve more than just mediocre. God bless our
22 citizens, our first responders and our city.
23 Good evening, Scranton.

24 MR. SMURL: Les Spindler.

25 MR. SPINDLER: Good evening,

1 Council, Les Spindler, city resident and
2 homeowner. First of all, I have to give a
3 shoutout to the DPW refuse collectors. My
4 daughter recently moved out of the apartment
5 next to my house.

6 And between herself and my wife and
7 I for the last two weeks we put a lot of old
8 broken furniture out, old dressers and old box
9 springs. And they picked up everything. They
10 did a great job, so kudos to them.

11 Next thing, Mike already talked
12 about it, but as a dog lover and dog owner, my
13 heart was saddened last week when I heard of
14 the cop passing of canine Scout. They said it
15 was a medical emergency. It's just a shame
16 because I guess he just joined the police force
17 recently and it's a shame. I'm sure he'll be
18 missed.

19 Also on the news last Wednesday,
20 Hazleton is having free parking in their
21 downtown until Christmas. Why don't we do
22 that? You want to get people down town, give
23 them free parking. But, no, this city wants to
24 bleed every penny from the taxpayers that they
25 could get.

1 I don't know when it was, it was
2 quite a few years ago that we also did do that
3 for one Christmas. We gave the residents free
4 parking. We should do it again. Hazleton can
5 do it, why can't we do it? It would be a good
6 thing to do. But this city doesn't do the
7 right thing.

8 Well, lastly more about GCMC.
9 That's my hospital. My doctors are from GCMC.
10 I support them 100 percent. But there's got to
11 be a -- got to be compromise. And you people
12 should not vote on it tonight. I know you will
13 because when Geppetto pulls your strings. The
14 three of you vote the way she wants you to
15 vote.

16 And Councilwoman Rothchild, I know
17 you're going to be the swing vote. I just hope
18 you could look at your neighbors when you vote
19 yes. And it shows you don't care about your
20 neighbors. And that's all I have tonight.
21 Thank you for your time.

22 MR. SMURL: Thank you. Anyone else
23 wish to speak?

24 MR. SPINDLER: Happy holidays to
25 everybody.

1 MS. AUGUSTINI: Laura Augustini from
2 the Green Ridge Neighborhood Association. I'm
3 going to address a couple more things about
4 Geisinger GCMC. What we're all looking for is
5 transparency. Mr. Smurl, you talked about spot
6 zoning the last time.

7 The civic zoning for Regional and
8 Moses went into place when all of those
9 residences had already been purchased and those
10 lots were empty. There were no neighbors or
11 residents bordering that civic zone.

12 I have a question about what's in
13 the old nursing school. Why can't CMC do
14 something to expand into that building that's
15 right next to their garage. Geisinger needs to
16 show that they have skin in the game. They
17 haven't.

18 All they're doing is asking. They
19 aren't giving anything. I hear a lot about --
20 I hear a lot about the need for healthcare.
21 Geisinger CMC is my hospital. I go there for
22 everything. I appreciate everything that they
23 do. But why does the Hill, why do the
24 neighbors of the Hill have to sacrifice for the
25 rest of the county?

1 I just don't know that that's
2 appropriate. The biggest thing for me on this
3 issue is that it is being rammed through. I
4 think it is totally inappropriate for something
5 that is this monumental to be taking -- to be
6 voted on in this quick of a fashion with --
7 and while we have -- obviously had a very
8 extensive public hearing tonight. I just don't
9 think that that's the answer.

10 When we -- when the zoning ordinance
11 was put into effect three years ago, there was
12 over -- over a year of discussion with the
13 neighborhood association, never mind what had
14 been done previously with the Planning
15 Commission and other people.

16 We went through a year of meetings
17 to look at the zoning ordinance for everything
18 that was going on. And while I'm not
19 suggesting that this should take a year, I do
20 think it needs more than the four weeks that
21 we've had if only to make sure that the
22 community benefit agreement is put into place
23 before this zoning change is approved.

24 Again, that's a legal document that
25 needs -- that I think is very important to

1 alleviate the concerns of the neighbors of the
2 Hill. Thank you.

3 MR. SMURL: Thank you. Anyone else?

4 MR. SEAN MCANDREW: Everybody, Sean
5 McAndrew, taxpayer. I'm here tonight because
6 of the vote of the Fidelity Bank Building. It
7 has major implications for our taxpayers and
8 responsible budget for the next few years.

9 Recently I had a great meeting with
10 the Mayor. During that meeting, I asked what
11 is the biggest concern coming up. And it was
12 the 2026 budget just like probably any other
13 city or borough or even a school district.
14 It's always -- it's always a concern.

15 And the concern was possibly raising
16 tax increases depending on how things go, which
17 is legitimate. So my question is, if we're
18 facing a reality of possibly raising taxes in a
19 climate that we are in everywhere, then why are
20 we rushing into possibly buying a multimillion
21 dollar building right now?

22 So tonight I have some questions for
23 Council. They're very simple questions, very
24 reasonable questions. My first question, has
25 Council received any written plans at all, not

1 verbal ideas, not concept, actual plans what
2 the city intends to do the building, the
3 renovation or relocate anything from here into
4 the Fidelity Bank?

5 MR. MCANDREW: No.

6 MR. SEAN MCANDREW: Okay. Yeah,
7 because some of the conversations I've had with
8 several members, the answer appears to be no.
9 Second, have you been provided appraisals? I
10 know they were listed in the paper. But if
11 Council is being asked to vote on spending over
12 1.8 million dollars just to purchase a building
13 and much -- probably much more in renovations,
14 design and reconfigurations that are added in,
15 you should at a minimum have the appraisal
16 packages in front of you. Have you received
17 them from the city?

18 MR. MCANDREW: We received answers
19 to questions that were --

20 MR. SEAN MCANDREW: But not the
21 physical appraisal.

22 MR. MCANDREW: The physical
23 document?

24 MR. SEAN MCANDREW: Yes.

25 MR. MCANDREW: No, just amount.

1 MR. SEAN MCANDREW: Okay. And has a
2 feasibility study been completed, not just on
3 the bank building but also City Hall itself?
4 Before buying anything, every responsible
5 organization examines the condition, needs and
6 potential of what they already own.

7 Has this been done here? If there
8 is a study, where is it? If there isn't one,
9 why not? Okay. Mr. King, I know you work in
10 construction the last few years. And you're
11 very good at it. I've heard very good things.

12 As a successful person in that
13 industry, would you ever recommend to a client
14 or anybody that buying a building, any building
15 without a feasibility study, without renovation
16 cost estimates, without architectural plans and
17 without a clear scope of work, that's what I
18 feel like is going on here.

19 I'm not saying it's a bad idea. I
20 just don't think we have all of the pieces of
21 the puzzle and all the plans to find out what
22 the real cost is and what the real plan is.
23 Right now it's an idea, not a plan.

24 In that meeting with the Mayor, she
25 told me that there's, you know, if it is

1 purchased, possibly building a bridge that
2 connects the building like the firehouse.
3 That's going to be very expensive. Another
4 part of it was leasing space to the school
5 district.

6 I just got off the school board on
7 Friday. We have a plan in place. It's
8 actually looking at purchasing buildings. But
9 what we're doing is, we're waiting for a
10 construction manager to come to give us
11 estimates. What's it going to cost if we buy
12 this building to convert it into what we need
13 to be done?

14 And that's all I'm kind of asking
15 here. You know, there's a lot more costs just
16 than, you know, purchasing the building. And
17 we have to work on it for future budgeting and
18 how we're going to pay for that. So you guys
19 are in a tough spot with voting on it right
20 now.

21 You're being asked to approve a
22 major real estate deal with no plans, no firm
23 cost projections, no contract or architectural
24 consultants on this idea they have and no
25 long-term financial analysis tied to the

1 upcoming budget.

2 I don't really think this is
3 transparency. It's not really fair to the
4 taxpayers right now. I'm not saying, you know,
5 this shouldn't happen or it's a good idea or a
6 bad idea. I just think the process needs to be
7 slowed down. This is not forever.

8 But until actual information exists
9 so the public could see it and you guys could
10 have it to make, you know, the best vote on it.

11 So I know you guys you have a hard
12 job up there. You know, I've been through it
13 on the school board, so I appreciate all you
14 do. And I hope you all have a good holiday, so
15 thank you.

16 MR. SMURL: Thank you.

17 MR. ARGENTA: Good evening, Council,
18 Virgil Argenta, Scranton. My condolences to
19 canine officers Matt Grippo and Scout and Jerry
20 Tallo and Gunner. Tonight I want to voice my
21 outrage about what happened Sunday night on the
22 3200 block of Cedar Avenue in Minooka.

23]Thankfully no one lost their life,
24 but the damage was severe. It is unacceptable
25 that a functional fire hydrant was unavailable

1 for more than 35 minutes especially since this
2 hydrant was directly across the street from the
3 destroyed house.

4 As a concerned citizen I demand
5 answers on how a fire hydrant located less than
6 40 feet from the fire failed to provide water
7 when needed most. Firefighters need water to
8 fight fires. Pennsylvania American Water
9 Company's fire hydrant inspections were
10 insufficient and failed in this instance.

11 For the record, I respectfully
12 request that this Council obtain reports
13 regarding pressure inspections and all
14 maintenance records for the hydrant in
15 question, plus for all fire hydrants in all
16 sections of the city.

17 It is necessary to hold Pennsylvania
18 American Water Company accountable for their
19 involvement in this incident as the safety and
20 well-being of Scranton residents are at stake.
21 Will this issue lead to increased insurance
22 rates for residents and businesses in our
23 community?

24 It's unconscionable that
25 Pennsylvania American Water Company's

1 negligence could lead to higher insurance costs
2 for all of us. This issue goes beyond the
3 single fire and highlights ongoing problems
4 with Pennsylvania American Water Company that
5 we've been talking about for several years now.

6 While service rates keep raising,
7 the quality of service fails to improve. For
8 example, pave cuts are often left subpar and
9 improperly restored. Neighborhood catch basins
10 remain damaged and blocked due to insufficient
11 preventative maintenance.

12 Additionally, there's confusion
13 about which basins are city owned and
14 maintained versus those under Pennsylvania
15 American Water Company's responsibility. Most
16 concerning of all is the quality of our water.
17 Where is this accountability? They're looking
18 for another rate increase.

19 As a former Council candidate and a
20 community advocate, I would expect better from
21 Pennsylvania American Water Company. This fire
22 could have posed serious danger to both
23 firefighters and residents. Our first
24 responders put their lives on the line daily.
25 They deserve reliable equipment and full

1 support from our utility partners.

2 As for Council members, including
3 those newly elected, I hope you will ask tough
4 questions of Pennsylvania American Water
5 Company and you will stand up for our community
6 and refuse to be silenced.

7 This elderly gentleman lost
8 everything except for the ashes of his wife.
9 Let us work together to ensure that this does
10 not happen again. Thank you, Council. Have a
11 nice holiday.

12 MR. SMURL: Mr. Argenta?

13 MR. ARGENTA: Yes, sir.

14 MR. SMURL: Will you leave Kathy
15 your e-mail address? I did have the same
16 concerns. I spoke with Chief Judge today and
17 before I got here. I received this about 4:30.
18 It's the answers to pretty much every -- I'll
19 e-mail this to you. If you wait until the end
20 of the meeting, I'll give a copy.

21 MR. ARGENTA: Okay. Thanks, Mr.
22 Smurl.

23 MR. MCANDREW: Also on Monday I had
24 Mr. Voldenberg contact American Water with the
25 answers --

1 MR. ARGENTA: Thank you. I
2 appreciate that.

3 MR. MCANDREW: -- with regards to
4 the failure of the fire hydrant in the 3200
5 block.

6 MR. ARGENTA: Thank you. I'm just
7 concerned that it doesn't affect our insurance
8 rates.

9 MR. MCANDREW: It's in motion.
10 These concerns are in motion. I'm checking
11 them all.

12 MR. COYNE: Tom Coyne, Minooka.
13 First off, again, two more cans for the food
14 bank. It would be nice if before the last
15 session at least one council member brought in
16 a can of food to add to it -- to add to the
17 hopefully growing cans of food for the poor and
18 the hungry in our community.

19 One person adding one can builds to
20 another, builds to another which can start a
21 flow of food to the hungry and people who need
22 it. So hopefully someone will step up and add
23 to it.

24 For next week it is the last
25 session. I hope that Mr. Smurl will bring his

1 key in to Nay Aug Park since he no longer needs
2 it since he's no longer associated and will no
3 longer be on the City Council, he should turn
4 that key in.

5 The 3200 block which we were just
6 talking about, that's a 30 second walk from
7 where my house is. The city zoning -- the City
8 Planning Board just approved a multi-apartment
9 building across from the church -- two of them
10 actually right off Davis Street.

11 We don't have any wastewater, catch
12 basins in that section at all from Cedar Avenue
13 down. Water pools right next to where they're
14 putting the apartment building complexes. And
15 we're putting a multi-apartment building, two
16 of them, right in a place where fire hydrants
17 don't work and where there is no runoff catch
18 basins. There's a problem. And a burning
19 house does put a light on it.

20 I'm glad that the cold shelter is
21 opened up. I'm glad that we finally got that
22 done before winter was opened by pressure
23 because it needed to be because I've walked
24 outside and with that wind it's bitter.

25 And I can't imagine being outside

1 for any period of time in that cold or spending
2 two hours walking from a day shelter that
3 closes to a night shelter that opens up and
4 having to stand outside for two hours in that
5 bitterness.

6 You obviously hide behind the corner
7 of the buildings just to keep yourself out of
8 the wind and it's not reasonable and it's not
9]humane. There's food insufficiency in our
10 community. We've got to remember that just as
11 much we remembered to put up street signs
12 because street signs are important, but so is
13 people's actual lives.

14 PP&L had a meeting up at the
15 University of Scranton for the rate -- for the
16 rate change. How come we were never notified?
17 The Mayor was up there. I don't know if any of
18 you actually made it because I didn't know it
19 was happening.

20 How come it wasn't brought up at the
21 last Council session so the community could
22 talk with and voice about the rate changes?
23 Either Council is left in the dark again when
24 the Mayor obviously knew or something happened
25 where we had a three-day notice that a meeting

1 was going to be held at the University and
2 public just weren't wanted up at it. It's a
3 communication problem.

4 And we've talked about due diligence
5 and with Geisinger. I think it's setting a bad
6 precedent. The building next door, everything
7 that's come before this body has had study
8 after study after study and been studied to
9 death for projects in this city.

10 How come we don't have one single
11 study on this building and next door? We've
12 had studies to study studies. But we need to
13 rush that through now with nothing but words
14 that we need it. Every other action required
15 plans.

16 You're required an outlook,
17 financial, none of that is done with this. Why
18 are we unaccountable for spending city money on
19 city projects when we are throwing money away
20]right and left for studies on everything else
21 in creation and hundreds of thousands of
22 dollars? And now we want to spend 1.8 million
23 dollars and let people starve. Something is
24 wrong. Good night.

25 MR. SMURL: Thank you. Anyone else?

1 MS. KOLOSKI: Doris Koloski, Hill
2 Section. I just want to remind you again
3 before you vote that none of the neighbors are
4 against expanded healthcare. We all want
5 healthcare. We just want it done in a way
6 that benefits both Geisinger and the
7 neighborhood. Thank you.

8 MR. SMURL: Thank you, Doris.
9 Anyone else?

10 MR. LITTLE: Hello, Scranton, Rik
11 Little. I think there has to be a lot more
12 vision and future planning going into the
13 future. I've looked at this a lot. I've
14 looked at how the government's working. And
15 it's not working right.

16 It seems to me that this whole thing
17 for expanding City Hall, next door is a
18 railroad. It seems like the Geisinger thing is
19 a railroad and especially the data center thing
20 in Archbald is a railroad. It's just -- you
21 know, like somebody just said, you know,
22 there's a study -- all of these studies.

23 There has to be a vision. I think
24 we've lost it in this entire area. And we've
25 lost it through the Home Rule Charter because

1 justice goes out the window with the Home Rule
2 Charter. The Home Rule Charter was made legal
3 in like 1856 in the state of Iowa by one judge
4 and it has expanded all over the place.

5 And I've looked at many cities and
6 every city and every county that accepts this
7 as democracy or rule of law. It's been going
8 down a real long time. And I see the main
9 problem with it all is that, you know, we had a
10 plan.

11 We had a constitutional governance
12 based on the rule of law from the Bible.
13 That's how our government was set up. And
14 somehow they've inched it in and inched it in
15 that -- that it's not that, especially after
16 1871 when they, you know, all -- all people are
17 equal.

18 That's what it said in the
19 Declaration of Independence. Once they get to
20 the 14th Amendment, that's what we're going
21 through now especially in all of these deep
22 blue states, Dearborn, Michigan, Minneapolis,
23 Los Angeles that, you know, freedom of speech
24 you could say anything now.

25 And the things that's happening with

1 Omar and they're getting positions in our
2 federal government. And we're in the era now
3 of mashing of teeth. It's freezing outside.
4 And here in Scranton I watch how the boards
5 work.

6 And, you know, I keep seeing on the
7 schedule that somebody's supposed to be
8 appointed to the Scranton Housing Authority
9 Board and it's a procedural thing or something
10 like that. But I've watched that board and a
11 lot of boards way before.

12 And they've all been fudging on
13 quorum and the democracy that's supposed to
14 happen. I mean, you're going to vote but on
15 stuff like next door and people don't really
16 know what's going on.

17 I mean, I read in the paper, hey,
18 it's 185,000 to buy the Fidelity Bank and
19 another article it says, well, the price was
20 175. And in another -- another thing, well, it
21 was 200 or 2 million dollars-something. But we
22 just went through this recertification thing
23 and it's less than \$500,000 for that building.

24 So what's the truth? No one knows
25 what's going on. And it seems to be, oh, you

1 know, rush right before Christmas we have to
2 vote on this life-changing thing like the
3 hospital and the bank building. It's too much.
4 There has to be a slowing down and not a
5 slowing down from some outside study.

6 You know, there has to be community.
7 There probably should be a community vote on
8 whether there's going to be a zoning change up
9 on the Hill. And I hope people start to
10 realize that because things are changing fast,
11 very fast across the world. And I wish you
12 all a Merry Christmas.

13 MR. SMURL: Thank you. Anyone else?

14 MR. VOLDENBERG: FIFTH ORDER. 5-A.

15 MOTIONS.

16 MR. SMURL: Mr. King, do you have
17 any motions or comments?

18 MR. KING: No, I'll speak to some of
19 these items as they come in the agenda. Thank
20 you.

21 MR. SMURL: Thank you. Mr.
22 Schuster, do you have any motions or comments?

23 MR. SCHUSTER: Yes, I'm just going
24 to make one comment. I want to thank
25 Mr. Gilbride and Mr. Voldenberg. At the end of

1 the meeting last week I did ask about the
2 community benefits agreement. I asked them to
3 reach out to see if there was an appetite from
4 the city Law Department or administration about
5 it.

6 And we did get an answer back. So
7 I'm just going to read that answer out. So
8 they thanked us for reaching out. The Law
9 Department's opinion is that the city cannot
10 legally enter into a community benefits
11 agreement with Geisinger as the conditions of
12 amending the city's zoning map.

13 Pennsylvania law categorizes --
14 categorically prohibits contract zoning which
15 includes condition zoning map amendments or
16 private agreements between municipalities and
17 property owners. And this is coming from the
18 city's attorney, Andrew Cutillo.

19 The Pennsylvania Supreme Court has
20 held that the police power of a municipality
21 cannot be subjected to agreement which
22 respective condition zoning district
23 classification to participate -- or to a
24 particular problem -- properties and rezoning
25 constitutes legislative act that cannot be

1 conditioned upon contractual agreement. So
2 that cannot occur.

3 I don't know, Mr. Gilbride, if there
4 is anything else you would like to say on that.
5 But what we're getting from the Law Department
6 is that that cannot occur.

7 ATTY. GILBRIDE: That was their
8 answer, sir.

9 MR. SCHUSTER: Thank you. And thank
10 you, guys, for reaching out to them and getting
11 that answer. That's all I have for Fifth Order
12 tonight. And I'll speak to everything else on
13 the question.

14 MR. SMURL: Thank you, Mr. Schuster.
15 Dr. Rothchild, do you have any motions or
16 comments?

17 DR. ROTHCHILD: I just want to say
18 that (inaudible.)

19 MR. SCHUSTER: Is her microphone on?

20 DR. ROTHCHILD: -- my colleagues to
21 call in tonight instead. It's, you know,
22 really not preferred and not convenient. So I
23 don't want anyone to think that I was taking a
24 way out of this. But it still is very
25 important for me to participate. And I've

1 stayed present and watched throughout --
2 throughout the hearing and the meeting.

3 I will have a lot to say and speak
4 more when it comes to the -- some of the votes
5 that we have coming in up. That's all. Thank
6 you.

7 MR. SMURL: Thank you. Mr.
8 McAndrew, do you have any motions or comments?

20 ATTY. GILBRIDE: Mr. President, you
21 need a second.

22 DR. ROTHCHILD: Second.

23 MR. SMURL: Roll call, please.

24 MR. MCANDREW: Now on the question.

25 MR. SMURL: On the question?

1 MR. MCANDREW: Okay, this vote comes
2 down to two things for me, need to have versus
3 nice to have because the Mayor and her
4 administration say on paper that we might be
5 able to afford it and buy it, it doesn't mean
6 that we could afford to maintain it.

7 And second is conflict. Huge
8 campaign contributions from the CEO and board
9 members including a relative of her husband to
10 exceed \$15,000 just for the last primary
11 election and also for prior runs.

12 All right. There's been donations
13 from prior runs. And I know people are saying,
14 well, this has been -- this has been an idea
15 and this building purchase has been -- has been
16 a process. Well, when this purchase was tossed
17 around in previous capital budgets, no Council
18 person had an appetite for it.

19 So to say it's been in the works,
20 it's been a dream maybe with administration;
21 but it hasn't been in the works with us. This
22 is another example of a rush job. It was
23 presented in part of the budget hearing -- the
24 budget meeting process only two weeks ago.

25 We had to beg for information like

1 appraisals. We had to beg for all of this.
2 There was zero communication, collaboration,
3 none. And so and especially now that, you
4 know, I can't, you know, in good conscience and
5 on behalf of the residents I represent, a yes
6 vote would be giving a blessing to this type of
7 behavior.

8 I can't, you know, I can't wrap my
9 head around especially with regards to the
10 donations that have been here for quite some
11 time during this whole process say when it was
12 supposedly in the works. So I'll be voting no.

13 MR. SMURL: Thank you, Mr. McAndrew.
14 Anyone else on the question?

15 MR. SCHUSTER: So on the question,
16 Mr. McAndrew just brought up maintenance. So
17 moving in the next year our ARPA funds are
18 going to be allocated. They're going to be
19 spent. We did spending on parks improvements
20 which we're going to need -- need to maintain.

21 We did improvements on pools which
22 we're going to need to maintain. We have the
23 Serrenti Center which we're going to need to
24 maintain. Also included in the capital budget
25 and improvement plans are the training center

1 that they discussed at the CTC.

2 These are all expansions of city
3 government that we're going to need to
4 maintain. As I've said leading up to last
5 week, I'm happy with city finances. We're in a
6 good position. We're in our footprint. We've
7 had our bond ratings and credit ratings
8 improved.

9 We don't have to do a yearly TAN.
10 And I like where we're at budgetarily and
11 financially. I find it dangerous that we're
12 looking to spend 1.8 million dollars. We were
13 looking to float some kind of loan of up to 3
14 million dollars.

15 And I could see us getting into a
16 position where we purchase this building for
17 1.8. We do three to however many millions of
18 dollars of improvements and we find ourself in
19 a budget shortfall in a few years.

20 I find it also dangerous that not
21 only are we taking off of our revenue side by
22 taking a property off of the tax rolls, but
23 we're also adding to our expenditure side, very
24 big concern of mine.

25 You know, I've seen projects like

1 this that have had runaway costs that end up
2 costing -- everything always costs more than it
3 was expected to cost in the beginning. It
4 happens each and every time. You know, it was
5 brought up about an actual plan.

6 You know, the questions that I asked
7 last week I did get answers here. The
8 questions I asked last week were asked by Jim
9 Lockwood and the Scranton Times and I received
10 my answers in that article in the paper over
11 the weekend in the Scranton Times about, you
12 know, appraisals, about everything -- I don't
13 know, everything that I asked last week was
14 answered in that article in the Scranton Times.

15 But I've never seen anything on
16 paper. I've never seen anything as an official
17 plan yet. You know, I've heard some things
18 about ADA compliance that it might cost a lot
19 of money to bring this building up to ADA
20 compliance.

21 We just did City Hall renovations.
22 It should have been considered at that point in
23 time. I also have a long enough memory that I
24 remember Mayor Cagnetti talking about in the
25 virtual phase during Covid that, you know, we

1 could offshore all of our offices and we could
2 downsize City Hall and now we're at the point
3 in time where we're expanding City Hall.

4 So, I mean, that's not something I
5 forgot. It was something I remembered from
6 that time. I'm going to be voting no for this.
7 I don't want to be expanding our footprint.
8 And I don't want to see us with budget
9 shortfalls in a year or two. Thank you.

10 MR. SMURL: Thank you, Mr. Schuster.
11 Anyone else on the question?

12 MR. KING: On the question, I know
13 that our]Police Chief Tom Carroll with
14 Scranton Police Department, there's talk about
15 putting a Real Time Crime Center in the newer
16 building next door. We have -- it is ADA
17 accessible.

18 It would be nice to be in a
19 situation where individuals with disabilities
20 would actually be able to enter the building
21 from street level in the front, not have to
22 struggle in an alley up a ramp up the back and
23 try to ring a buzzer.

24 I just think it would add a lot more
25 accessibility and really provide some options

1 for the city in terms of people want to come in
2 and get permits and things like. There's an
3 elevator in there. We're adding 35 parking
4 spots for employees. So that's why I'm
5 supporting this.

6 MR. SMURL: Thank you, Mr. King.
7 Anyone else? Roll call --

8 DR. ROTHCHILD: I just wanted to add
9 on the question, I agree with what Councilman
10 King had said regarding the crime center that
11 would be up on the second floor. But probably
12 the biggest thing for me is the accessibility
13 to the building.

14 And I know one of the other Council
15 members had mentioned need to haves. And I
16 think we do need to have an ADA accessible
17 building, which right now we're -- our current
18 City Hall is not under compliance with what --
19 what should be required for that accessibility.

20 So this building would give us that.
21 And that's probably the biggest selling point
22 for me to make it easier for people to come
23 into City Hall or to the building next door to
24 get some of the services that they need. So
25 that's why I'll be voting for this.

1 MR. SMURL: Thank you, Dr.

2 Rothchild. Roll call, please.

3 MS. CARRERA: Mr. King.

4 MR. KING: Yes.

5 MS. CARRERA: Mr. Schuster.

8 DR. ROTHCHILD: Yes.

9 MS. CARRERA: Mr. McAndrew.

10 MR. MCANDREW: No.

23 MR. SMURL: What is the
24 recommendation of the Chairperson for the
25 Committee on Finance?

1 MR. KING: As Chairperson for the

3 of Item 7-E.

4 DR. ROTHCHILD: Second.

25 MR. SMURL: What is the

1 recommendation of the Chairperson for the
2 Committee on Community Development?

3 DR. ROTHCHILD: As Chairperson for
4 the Committee on Community Development, I
5 recommend final passage of Item 7-F.

6 MR. KING: Second.

7 MR. SMURL: On the question?

8 MR. SCHUSTER: On the question, I'll
9 start off. This is the hospital zoning. I
10 just want to start off by saying I'm not
11 against hospital expansion. What we tried to
12 do here is to have a compromise between
13 residents and hospital.

14 This has been a long process. It's
15 been going on since 2021 leading up 2023. One
16 of the concerns of the neighborhood at that
17 point in time was that the hospital wasn't
18 communicating with them. It's been two and a
19 half years since the 2023 ordinance passed.

20 And I think one of the same concerns
21 for the residents is that the hospital isn't
22 communicating with them. There is a process.
23 The zoning ordinance is in place. The hospital
24 can expand. They're saying we're not going to
25 go up to 100 feet which is what the zoning

1 allows.

2 And it was said if this passes here,
3 Council or the neighborhood is not going to
4 have a say in what happens from today on out.
5 Last week there was some questions answered. I
6 know it was brought up in public comment. We
7 said would you agree to this.

8 They said, yes. And I, you know,
9 asked how are we going to keep them to this?
10 How do we keep them to this is the process.
11 It's the Zoning Hearing Board. That's how we
12 keep them to this. I want to thank Miss Nolan
13 who stated in our preamble to be a trustee of
14 the people.

15 And when I got into politics in the
16 first place, that was my goal. So you've made
17 my dream come true tonight by saying that. I'm
18 going to be voting no on this tonight. If we
19 vote no, the hospital still has another day to
20 bring a plan. They still have another day to
21 expand.

22 You still have another day to
23 expand. If we vote yes on this tonight, it's
24 over for what the neighborhood wants in terms
25 of a seat at the table and compromise. And

1 that's what they're asking for is a seat at the
2 table and compromise.

3 That's all I have. I've been
4 speaking about it since 2011 when Audubon
5 School passed through the Planning Commission
6 and I voted no on the rezoning of Audubon
7 School. So it's been quite a long time I've
8 been speaking about this. But thank you.

9 MR. SMURL: Thank you, Mr. Schuster.
10 Anyone else on the question?

11 MR. MCANDREW: Yeah, on the
12 question, so first of all, I was thrilled to
13 see the chambers filled to the rafters because
14 it doesn't normally happen. But you know what
15 it means to me when it does, everybody in this
16 room cares about something, whether it's their
17 vocation, whether it's their employer, whether
18 it's their union brothers, whether it's their
19 neighbors.

20 But none of them here tonight or the
21 past couple weeks is against quality healthcare
22 or the increase of it thereof. Period. I
23 think we're all in agreement with that, right?
24 Do I really have a dog in this fight or am I
25 taking sides? I'm accused of it.

1 But I'm a man, procedure, process
2 compromise. I have three daughters and I'm a
3 teacher. I compromise every day of my life,
4 all right? And do -- have I benefited greatly
5 from the great healthcare that Geisinger or
6 whether it was CMC before that, absolutely.

7 There was a Dr. Salazar that took
8 care of my daughter in the neonatal unit. He
9 was a legend. And her and another one of my
10 daughters were unfortunately were flown -- life
11 flighted to Hershey, like I think I mentioned
12 before, and Danville.

13 And then you had the cardiologist
14 speak tonight, Dr. Ierovante, guess what? A
15 couple weeks ago I had a cardiac event. He
16 provided me excellent care in the lab. He's
17 exceptional. The pre and post was an
18 exceptional experience that I had.

19 And I think -- I had two stents. I
20 think I'm good for another hundred thousand
21 miles. I don't know. He left before I could
22 ask him. But in no way am I against the
23 expansion of the healthcare.

24 And Mrs. Nolan down there is making
25 a point like, you know what, I'm sure we all

1 want to get along and compromise. But some
2 people are making this whole -- this whole
3 process if you vote no you're the devil. You
4 hate healthcare. You don't care about our
5 community which is nonsense.

6 This piece of legislation never
7 should have come before us. Period. And it
8 was done for a reason. I've been on here six
9 plus years. I know when I see a rush job -- a
10 legislation rush job. Guess what, this one of
11 them.

12 There was actually three on our
13 agenda tonight. But this is one of them. I
14 know when it's rush job, trust me. All right.
15 So the Mayor's amendment is a clear
16 circumvention of fair procedural processes.
17 Period -- processes.

18 We have boards and authorities for a
19 reason. Planning and zoning boards are one
20 example where the public is notified for their
21 input and a fair process takes place if one
22 entity seeks a variance or special exception.

23 Every one from big developers to mom
24 and pop operations to even the excited first
25 time home buyers with young families that might

1 want to expand for their expanding family,
2 guess what they all have in common? They all
3 follow the city procedure and protocol.

4 You go to planning. You go to
5 zoning, no special treatment or amendment
6 ordinance or amended ordinances for them. I
7 told you guys the past couple weeks you're not
8 thrilled you're here and I get it. But this
9 isn't anything personal. But it's about being
10 fair. All right?

11 So everyone has to follow the
12 process without special treatment. This
13 amendment is clearly a special treatment that
14 might be precedent making. I'm concerned about
15 that because I'm going to be here. Some
16 members are leaving, right, I'm going to be
17 left holding the bag where this might be a
18 precedent that we have to deal with.

19 Yes, I'm for the expansion of
20 quality healthcare. I can't say it any more
21 and services. But my role as your Councilman
22 is to make sure that every resident of this
23 city is treated fairly and that their needs and
24 interest are a priority to me or for me.

25 This no vote is not a vote against

1 improved quality healthcare, but a vote for
2 fairness, procedure, and process.

3 MR. SMURL: Thank you, Mr. McAndrew.

4 MR. KING: On the question, I put a
5 tremendous amount -- tremendous amount of
6 thought into this critically important decision
7 before me this evening. It's important to note
8 that my decision is my decision alone, not the
9 Mayor's decision, not Geisinger's decision.
10 It's my decision. It's my vote. My vote.

11 It's nobody else's vote. I've
12 weighed all the pros and cons. I've read the
13 e-mails from neighbors. I've listened to
14 concerns for the past few weeks along with
15 listening to Geisinger representatives,
16 constituents within the community, supporters
17 for and against change who spoke here this
18 evening.

19 While I'm empathetic with the
20 concerns of the neighbors surrounding Geisinger
21 and Nay Aug Park, I'm even more concerned about
22 the future of healthcare for the nearly 77,000
23 residents of the entire City of Scranton.

24 When the zoning change was
25 considered just over two years ago, the threat

1 of losing both Moses Taylor and Regional
2 hospitals was not as pressing as it is today.
3 Now, while Tenor Health is in the process of
4 trying to fund a potential purchase of these
5 two local hospitals, there's no guarantee that
6 this is going to happen.

7 I felt the proposed project two
8 years ago seemed to be more focused on parking
9 rather than expanding healthcare services. The
10 new plans for Geisinger expansion project
11 include addition of 84 more hospital beds
12 greatly needed, NICU expansion and will add an
13 additional 120 professional healthcare
14 positions among other additional services.

15 I do not want to gamble with the
16 future of healthcare in our great city. On a
17 personal level, all three of my daughters were
18 born in Geisinger. And as recent as two and a
19 half years ago, I was diagnosed with having
20 prostate cancer by a Geisinger doctor.

21 And while my surgery did not
22 actually occur at Geisinger, those doctors and
23 nurses there took care of my preop, MRIs and
24 stress tests, various other tests needed prior
25 to my surgery. And I'm just one of thousands

1 and thousands of patients who benefit from the
2 topnotch healthcare Geisinger CMC doctors and
3 nurses here in our city.

4 But they're overcrowded and they're
5 out of space. As indicated last week, there is
6 no designation between city institutional which
7 is 45 feet and civic which is 100 feet. If
8 approved, Geisinger has assured everyone on the
9 record that they will not exceed 75 feet.

10 I feel as though the new Geisinger
11 leadership team this time is far more
12 transparent. They're willing to show up to
13 neighborhood meetings which they have
14 consistently to listen to concerns.

15 They've also offered to include at
16 least one member of the neighborhood
17 association to serve on their planning team. I
18 hope they include more. They said in these
19 chambers that they will be mindful of lighting,
20 noise concerns along with esthetics on the
21 exterior of the building including landscaping.

22 It's important to note that all
23 plans will have to be approved and vetted by
24 City Planning Commission. So there are still
25 many safeguards in place to ensure they will

1 follow through with all local planning
2 requirements.

3 When elected to City Council, my
4 main goal was to improve our city and make
5 things better for residents of the City of
6 Scranton. Overall, I'm proud of my record
7 including improving city parks such as Nay Aug
8 Park where we've infused over 4 million dollars
9 in the park for park improvements, including
10 swimming pool, pickleball courts, tennis
11 courts, basketball court and more planned.

12 I ran for Council to help people,
13 not hurt them. I will be supporting the zoning
14 change presented to us by the Mayor for the
15 betterment of all citizens of this great city.
16 Thank you.

17 MR. SMURL: Thank you, Mr. King.
18 Anyone else on the question?

19 DR. ROTHCHILD: Yes, I have a great
20 deal to say on this and hopefully everyone can
21 hear me clearly. So over the last month or so
22 I've taken the time to listen to the concerns,
23 read your e-mails, meet with neighbors, meet
24 with representatives from Geisinger.

25 I do not make my decision tonight

1 lightly. I am in a particularly difficult and
2 unique position as the only Council member who
3 is a resident of the Hill Section and the only
4 Council member who is a healthcare provider.

5 I understand where my neighbors are
6 coming from. I get their frustrations and
7 worries about this process and changes to our
8 neighborhood. And I appreciate the fight they
9 have put into this. I also understand the
10 realities of healthcare and the implications
11 that this legislation will have on our
12 healthcare in our region.

13 As it has been mentioned earlier
14 multiple times that Geisinger is our only
15 trauma center. It, in fact, is a level two
16 trauma center. There's -- there's five levels
17 to a trauma center as one being the highest
18 level of care that someone can receive.

19 And many of those hospitals have
20 included a lot of research and teaching and
21 comprehensive care. And then the second is the
22 next level where you still have 24/7 surgeons
23 and that they're able to care for all injuries.
24 But, I mean, you still could potentially be
25 transferred out to a level one.

1 And then you have -- so level one
2 around us we do have Geisinger, Wyoming Valley
3 Geisinger, Danville, and Lehigh Valley Health
4 Network and Cedar Crest Hospital. But then
5 other ones nearby so the Lehigh Valley Hospital
6 in Hazleton and Wayne Memorial are the level
7 four hospitals.

8 So you would be transferred out of
9 those for more serious care. So it's easy
10 enough for people to say that you can travel to
11 those other hospitals, but many people cannot
12 and should not have to travel when they
13 suffered a trauma or need immediate care.

14 I know that we had two experiences
15 in the past when our daughter was a baby, and
16 we had to take her to the ED at Geisinger. And
17 we were so relieved and grateful to have a
18 hospital just a few blocks away that we could
19 bring her to.

20 I know that we are asking for a leap
21 of faith that Geisinger will do this right and
22 in a way that's respectful to the neighbors,
23 especially when honestly many of your concerns
24 have not previously been met. And our options
25 on Council here are limited.

1 Geisinger has determined that it is
2 not feasible for them to go through the zoning
3 board and they have been transparent that their
4 plan B if this was not to go through does not
5 include Scranton.

6 And I voted two and a half years ago
7 in hopes that they would find other options for
8 expansion and they did come to us with a
9 different option. This is different plan than
10 what was initially proposed. I believe it is
11 more reasonable and a better plan than from
12 what we've seen originally.

13 And I think that it is more of the
14 compromise that we would be looking for. This
15 vote in zoning change will give them -- would
16 give them more height to build up to. But
17 there's still much of this process that would
18 have to move forward. There's the Planning
19 Commission and permit process.

20 I don't agree that this is a blank
21 check. And I've also stated that I don't want
22 to see those homes on Colfax that have been
23 sold and demolished all for nothing. I don't
24 think that it should just remain an empty lot.
25 I do want them -- to see them be able to expand

1 on that property even though I was also very
2 sad to see those homes go.

3 Their plans include accommodation of
4 a hospital expansion for a clinical space that
5 they've stated their case for needing as well
6 as a parking garage to accommodate the new
7 clinical space. And that would be the parking
8 that would be required for having additional
9 rooms.

10 They've committed to regular
11 meetings with neighbors, to complete traffic
12 and lighting studies and to developing a
13 community benefits agreement. We are committed
14 to making sure that they follow through with
15 their promises.

16 I think that there's this notion and
17 some Council members had brought that this will
18 be just the end of it and there won't be
19 anything else that we could do from here. And
20 I really don't believe that's the case.

21 I do agree with Miss Hodowanitz's
22 suggestion about having a town hall meeting as
23 well as a long-term healthcare plan for our
24 area. And for me, there is no motivating
25 political factor. There is also no financial

1 factor.

2 I've never been employed by
3 Geisinger. I'm trying to balance the
4 healthcare needs for our city along with the
5 neighbors' quality of life. And we've been
6 asked tonight to consider the needs of our
7 residents.

8 And the health -- their health and
9 safety are the highest needs that I could think
10 of. I've also been asked to vote with my gut
11 which was -- is what I'll be doing tonight as I
12 always have done. And my gut's telling me that
13 if I vote no on this and this fails to pass,
14 our city will be at a major loss and our
15 healthcare will greatly suffer.

16 I cannot have that on my conscience.
17 I'll be voting yes on the proposed amendment.
